Belle Glade Port Provided For In Land Acquisition

I. L. Board Okay's City Application For Site On Inland Waterway

Commissioner Julius Harris announced Thursday that the Internal Improvement Board had acted favorably on the city's application for the tract of land lying immediately south along the intercoastal canal paralleling the dike.

Nathan Mayo, Commissioner of Agriculture and custodian of State-owned lands presented the application to the Board on Tuesday with the statement that the City of Belle Glade had plans for a Port to serve the Glades for both pleasure craft and for freight using the inland waterway from Ft. Myers to Stuart thru Lake Okechobee.

Commissioner Harris stated "While it is available the City feels that this piece of land is ideal for the location of a dock and other facilities for the pleasure craft that now come thru as well as for the shipment of freight by water to the Gulf and eastern seaboard ports. As our community grows, we will find the need for wharfage for freight boats to and from the Glades. This site is protected from the open waters of the Lake, is on a State Road and with a minimum of work can be made accessible."

Up to now there has been no concerted effort in the Glades to attract the winter tourist, except for those efforts of Clewiston and the Inn there. If facilities are made available there should be a continual flow of visitors to the lake. Okechobee for the sportsman with Belle Glade as a center may well be exploited to the advantage of the entire Glades.

A great advantage to the Glades would follow if a Port was established at Belle Glade thru the issuing of water freight rates, for the rail and truck transportation companies will need these rates.

The City and Mr. Harris as proponent and prime mover for this Port should have the thanks of the residents of the Glades.

No other community offers as natural a site as Belle Glade for this Port and the project offers something for the public spirited bodies of the community to take up as a community teeth into, which no doubt they will immediately.

MRS. WIENEGRO PRESENTS PROGRAM AT LIONS CLUB

Mrs. James Wiengro and several of her pupils presented a musical Christmas program and the "Story of the First Christmas" at the Lions Club meeting Wednesday noon.

Mrs. Wiengro and Barbara Graber played a piano duet and a Barbara Kirchman and Kasee Vadas sang a vocal duet.

Miss Grace Ingram, at the piano. Miss Graber provided accompaniment for the entire program.

Mr. Griggers read the "Story of the First Christmas," and the audience sang Christmas carols at various intervals led by Mrs. Zack Ingram.

Members brought toys for the Business and Professional Women's Club Community Christmas tree program.

Shootin' Blanks

By Paulette Blank

If one section of the family wants a table size Christmas tree and you desire one taller than the house, don't let the creative side of you win by saying it's impossible.

FARMERS MUST REPORT CONSERVATION PRACTICES WITH SOIL JANUARY 15

Deadline for reporting 1950 soil conservation practices is January 15, according to J. W. Strickland, county administrative officer of the Produce and Marketing Administration.

Farmers who signed for the program are asked to submit invoices of fertilizers used on pastures purchased between December 1, 1949, and December 31, 1950, and minor elements used on pasture and crop lands. Invoices should be completed at the office of H. L. Speer, assistant county agent, in the Sanders Building, Mrs. Sally P. Stein, chief clerk, will be in the office from 9:30 to 5:30 Monday through Friday and on Saturday until noon.

Decorations Will Be Judged Tonight Registration Open

Your lighted Christmas tree in the window or those outdoor decorations could win a prize but not if you fail to register the decorations with the joint committee of the Garden Club and the Woman's Club who are sponsoring the home decoration contest.

Judging is scheduled for tonight, but entries will be accepted until 5 p. m., according to the sponsors. To enter the contest call Mrs. Ivan Van Horn, Mrs. Harry Peters or Mrs. Herbert B. Smith.

Cash prizes are \$12 for first place, \$8 for second and \$5 for third. The Florida Power and Light Co. has given a donation for this purpose.

Judges will be Mrs. Frank Friend, Pahokee; Mrs. W. G. C. Hull, Pahokee; Mrs. Mark Chalcraft, South Bay; and Mrs. Donald Coon, Belle Glade.

Lake Harbor Man Dies In Accident

Ned Perkins, 34, of Lake Harbor died shortly after arrival at the Belle Glade Memorial Hospital following an automobile accident about 6:30 Tuesday night several miles west of South Bay on S.W. 40, according to State Highway Patrolman Val Sheffield who investigated.

The accident involving the 34-year-old apparently occurred when Perkins struck a pile of pine tree limbs along the highway causing the car to swerve into trees along the road, S.W. 40, field said. The car was a total loss.

Survivors are his wife, Mrs. Marion Perkins, and daughter, (Continued on Page 2)

GRABER BOWLING TEAM PLACES LIST IN LEAGUE

The William Graber women's bowling team placed first in the league when members defeated the Sinclair-Kirchman team two out of three games in a playoff a week ago Thursday night.

Trophies will be given to the sponsor and team members at a future program which has been scheduled for next week.

The Sinclair-Kirchman team is in second place.

New Pink And Blue Baptist Nursery Clean And Efficient As A Hospital

Home of the antiseptic baby, the prophylactic cat is the baby pink and baby blue nursery of the First Baptist Church, which is as clean and efficient as a hospital. Even the toys are sterilized.

In response to the need of the young parent, the church started the nursery by remodeling their old tool house. The new modern building located on the church lawn has three large rooms which are entirely a gift, according to Rev. Wade H. Griffin.

White Christmas Frosts Kill New Bean Crop Here

Damage To Other Produce Is Reported To Be Slight

It's been a "White Christmas" in the Glades this week when heavy frosts stiffened the grass and froze new beans in the early morning cold.

The recent cold wave may mean a blue Christmas for persistent farmers who have lost crops three times this year in weather catastrophes. Although many growers are beginning to believe there is no Santa, already they are planting beans again on scattered warm lands.

"You can't stop in the middle of the stream, you've got to keep swimming," said a local farmer.

In spite of hurricane and two frosts losses, growers continue throwing their chips in the game with the weather and the land and keeping planting. All the new beans were lost with the possible exception of scattered plots in Pahokee and the Lake Harbor area near the lake, packing house officials report. Although ice formed in (Continued on Page 4)

State Prison Farm Here Is Renamed

Florida State Farm No. 2 received a Christmas present from the State Board of Public Institutions this week.

The prison got a new name and will now be called Glades State Prison Farm, and C. Green now will be superintendent instead of manager of the institution.

The prison which has been self supporting and which furnishes food stuff to other state institutions has now a separate entity in name as well as fact. Renaming of the prison was announced in a telegram received by the Glades Farm from Nathan Mayo, Commissioner of Agriculture, Tuesday. Mayo consulted with prison board officials while here on a recent visit and the action is a result of their suggestion.

C. C. Hull Pioneer Of Pahokee Dies

Calvert C. Hull, 65, pioneer Pahokee settler considered one of the most successful farmers of the area before his death, died Tuesday at the home of a sister in Tampa following a long illness.

Native of Plains City, Hull moved to Pahokee in 1912. For the last year he had been residing with his brother-in-law and sister, Mr. and Mrs. J. A. Hester at Tampa. Before moving to Tampa he resided in West Palm Beach for several years after 1943.

Survivors, in addition to the sister at Tampa, include two brothers, W. H. Hull, Plant City, and Walter G. Hull, Pahokee.

Plant City Funeral Home was in charge of arrangements.

Merry Christmas

On this anniversary of His birth we once again share in the eternal love and peace He offered to mankind. This Christmas, join with others of His faith at our special services to celebrate His coming. Join with us in our prayers and sing along with our specially trained choirs.

Belle Glade Is A "Christmas City"

"Santa Claus is coming to town" and Belle Glade is the "Christmas City" this year.

Notes of Christmas are filling the two main streets of the town while here on a recent visit and the action is a result of their suggestion.

The unusual project for a smaller city is sponsored by the merchants and was begun by the Glades Drug Store. Contributions of loud speakers by the Merchants' Association, the Glades Free and Ten Cent Store and the Glades Livestock Market helped make the program possible.

The Glades Radio is responsible for installation of the system and is in charge of keeping the records turning. The merchants have a collection of about 40 different Christmas melodies.

At night the business avenue is bright with public lights put up by the city and sponsored by the chamber of commerce. The Florida Power and Light Co. is donating the current. Multi colored light strands crisscross the streets in colorful displays.

It's Christmas time in the "Christmas City."

Christmas Program At First Baptist Church

"Babyland" is a new service available to young parents at the local Baptist Church as of Christmas. Pastor Wade H. Griffin, Sunday School begins at 9:45.

A "White Christmas" service will be held at 11:00 a. m. when the pastor will speak on the subject, "You Can Have A White Christmas."

Former Local Man Ends Life By Shot

Wesley D. Motes, in his early twenties, of Ft. Pierce and former local resident, was found dead in a parked car in front of the South Bay Town Hall Tuesday by Charles B. Motes, who is the brother of Edward Motes of this city.

Motes was shot through the right temple and a .38 caliber pistol was found under the steering wheel. Chief of Police R. C. White of South Bay who investigated with Constable N. Bay Whitehead stated he had noticed the man driving around South Bay until after 2 a. m. Tuesday morning. White said he passed the parked car about 3 a. m. and thought the driver had fallen asleep and did not disturb him.

An apparent suicide note announced his intentions to his parents, Mr. and Mrs. William Motes of Ft. Meade, formerly of Belle Glade. Wesley Motes was a former student of the local school.

Coroner George A. Williams released the body to Berry's Funeral Home at Pahokee. The body was sent for services and burial.

Survivors include Mr. and Mrs. William Motes of Ft. Meade and a brother, Edward Motes, Belle Glade.

EDD REALIZED \$125,000 BY SALE OF 6700 ACRES

The Everglades Drainage District realized \$125,000 from the sale of 6700 acres of land in Dade County. It was announced by Stacy A. Rogers, EDD chairman and general manager. The land was sold during a four and a half day at Miami. Rogers said the EDD has disposed of most of its lands in Dade County in anticipation of final liquidation which takes effect in 1951 according to state law. Some 4700 lots remain to be sold.

Programs will be presented

Rams Honored At Athletic Banquet

Belle Glade High football players and those who assisted in the athletic program were honored at the annual athletic banquet at the school cafeteria Thursday night.

The South Shore Athletic Council and the Belle Glade Lions Club were joint sponsors of the event.

Approximately 140 persons heard short congratulatory talks given by Howell L. Watkins, county superintendent, a public instruction, Frank O. Hobson, principal and Charles Hall, assistant coach.

Henry O. Barwood, master of ceremonies, introduced representatives of civic organizations and their wives and members of the athletic council and their wives.

Coach Doug Leavitt introduced the players pointing out the three seniors mentioned on Little All State. All conference and who had received four-year football scholarships to the University of Florida. They are Captain Bill Burke, Ross Winnie and Alvin Leathers. Various players introduced their parents.

Leavitt emphasized that praise and credit is due parents and (Continued on page 4)

Story Of The Gum Drop Christmas Tree; A Children's Yuletide Tale

By Paulette Blank

Many years ago Christmas trees were decorated with candy gum drops of red, green, blue, purple and yellow. The reason of the candy trimmings lies in a strange story which was told me one moonlight night by a goblin king, so it must be true.

Once long ago there lived deep in the saw grass lands a little girl named Pearl. She was the only child of a poor man and his wife. They were poor but they were kind and they loved their child very much. Tucked in her clean snug bed, it often seemed to Pearl that she heard her mother and father talking to her from the floor and with feet barefooted steps ran down the hall, out of the door and into the moonlight glade.

But when the golden rays of the morning sun peered through her windows she was in her bed, her covers were unruined, and the window of the room had danced at all with the little creatures in the moonlight.

One beautiful fall afternoon the sun warmed the crisp air and the saw grass was silver in the glow. So lovely was the day that Little Pearl wondered (Continued on page 4)

Santa Gets Help Here From Local Groups As They Work Toward Merry Xmas For All

Have You Registered...

Merchants and operators of business establishments must register by 4 this afternoon if they want to be included in the Christmas lighting and decoration contest sponsored by the chamber of commerce.

Mrs. George Young emphasized that registration is for the purpose of letting the judges know where to go. Entries may be given Mrs. Young by calling 2745 or stopping at the chamber of commerce. She is in the office from 9:30 to 12 in the morning and from 1 to 4 in the afternoon.

Chamber of commerce directors are giving a \$25 award as prize.

Defense Council First Aid Courses In Progress Here

The first aid training program sponsored by the local Civil Defense Council is in full swing, according to T. R. Allen, deputy director of operations. Approximately 80 local people meet Monday and Thursday nights in the high school for the instructor course, advanced course and standard course under the direction of Dick Morris, Director of safety services for the county Red Cross.

The courses have been suspended until the first Thursday after Christmas, Allen reports. At that time a new course will be started and defense officials urge those not participating to enroll. Those who want to enter the program should contact Allen or City Clerk Frank Anderson.

Following completion of the present instructors' course, which requires from 40 to 48 hours of work, the council plans to break the entire city down into sectors and to train (Continued on Page 4)

PRODUCE SHIPMENT BY RAIL TAKES DIP

Volume of produce shipped out this week by rail shows a dip over last week's total with carloads on the way and loads on hand. An incomplete trucking report compiled from only two trucking concerns shows an increase this week with 40 loads of mixed vegetables out.

Carloading for the week from Wednesday to Wednesday was 40 carloads. Last week's total was 38 carloads.

Salvation Army: Civic Clubs Prepare Parcels For Needy Families

Santa's pack should be loaded when he reaches the Belle Glade area this year, for he has a local crew of many helpers.

Believing Christmas should bring joy to those of high and low incomes, various civic clubs, churches, missionary groups, the Salvation Army and the city fire department are doing a big part in seeing that needy people receive help.

According to Emmett Roberts, director of the Belle Glade Housing Authority, the Salvation Army especially deserves credit for the 200 families it will aid here with food and toy donations. The organization is always ready to assist and the service is fast due to absence of red tape, Roberts says.

Every year lists of needy families in the camps are forwarded to the Salvation Army. Welfare workers and the Negro Civic League compile lists in the white sections and the Negro quarters.

Friday camp trucks will pick up material for Christmas parcels at the Salvation Army Headquarters in West Palm Beach, and camp officials will be in charge of packing and distribution. The police department often assists with the deliveries in the white section.

Parcels are designated small, medium and large depending on the size of the families. Toys are selected according to the ages of the children and whether they are girls or boys.

Saturday the packages will be taken to those on the list, Roberts says.

Something new is being done in the community this year to help those who might have little joy otherwise. The city fire department has been busy at work for several months with their extensive fire remodeling program.

From a mountain of mutilated toys, department workers produced shining red tricycles, whirling tops, picture books, little desks, dart sets and many other toys.

Nat. Guard Unit Passes Inspection

Decision of an official inspection party who visited the local National Guard unit Wednesday at the Officers' Club study is that the unit is in top time active. It passed minimum specifications.

Lt. Col. Harry R. Tushnet and Master Sgt. Young, J. G. D. Inspector General Department, carried out the inspection conducted by Commander of the unit, Lt. John W. Hooker.

The unit, which nearly failed in an inspection last May, has made sizeable improvement. Lt. Tushnet stated. (Continued on Page Four)

PAR-TEE LINE

Country Club of the Everglades

Billy Eggleston and his new band will furnish music for teenagers at a Teen Night dance Friday evening at the Municipal Country Club, according to Pro Joe Ziemann.

The Belle Glade High School Alumni Association is newly formed organization, will sponsor a dance Wednesday night at the Municipal Country Club. All Belle Glade High School seniors and alumni are invited, and the admission is \$1.50 per couple. Music starts at 8:30. Billy Eggleston and his band will play.

Social Happenings

BPW CHRISTMAS TREE TO BE CHRISTMAS EVE

Santa Claus will arrive in the city at 6:30 in Paradise Park the night before Christmas, according to Mrs. Imogene Fontaine, president of the Business and Professional Woman's Club.

Santa will preside at the organization's annual community Christmas Tree program to which everyone is invited. He will have presents for all the children, Mrs. Fontaine says.

Preceding the program in the park, everyone will gather in the Methodist Church at 5:30 to sing Christmas carols. Mrs. Fontaine will tell a Christmas story and Rev. L. F. Vanderwater will offer the invocation.

An aggressive recruiting campaign through out the area will be necessary in the future to increase unit strength.

SHOOTIN' BLANKS

(Continued from Page 1) talked by his wife. Dragging in his trophy, a huge towering Christmas tree, he announced that not an inch of the leafy greenery was to be wasted.

Several days later crowds gathered at the unusual sight of a Christmas tree apparently growing from the roof of a building. The strange view was only a delusion. The clever man had divided his tree placing a portion of it on his porch and the remainder directly above the bottom of the tree on the roof. So you see with enough you can have your own way.

Lions are serious people. They were especially smug at their last Wednesday night meeting. Members brought their toys to the Business and Professional Woman's Club community Christmas tree program. Each Lion presented his toy to another Lion who in turn sacrificed himself to demonstrate it for the purpose of the program.

The talented Constable Whitlock lost half of his enviable reputation when he backed down from playing a sweet potato. His only excuse was that the wire worms had eaten so many holes in the little instrument he could not operate them all.

But a sad minute in the program came when all had had their share of the fun. The demonstrators took "Trouble" Hotard. He was forgotten in the crowd. No one had thought of trying a chess clock.

PALM BEACH KENNEL CLUB

Under new ownership the Palm Beach Kennel Club will open its 1951 greyhound meet on Wednesday, January 11, at 8 p. m. H. Phil Bryan and J. Stockton Bryan, who owned the track for 20 years disposed of the holdings to a group of Palm Beach business men recently.

The same staff of racing officials will continue at the track. Leo Hartwell, will again be the presiding judge and Franklyn Sheen will be the associate judge. Frank Hartwell will be the racing secretary.

Schooling of the 600 greyhounds who will race at the track will begin Monday night, December 25. Schooling races will be conducted nightly through December 30.

On Saturday morning December 31, a special matinee of dog racing will be held for orphans, crippled children and other needy children for the benefit of the orphans of Dimes drive. It will be the third party of its kind held at the track and more than 5000 children are expected. A special party for the orphans and crippled children will be held in the clubhouse. Entertainers from the various clubs will assist in entertaining the children.

Racing secretary Frank Hartwell believes that the fans will see more sensational greyhound races in action this season than ever before. Hartwell stated that the dogs this year will be even more sensational than those of last year.

DEFENSE COUNCIL

(Continued from Page 1) as many people in each division as possible.

According to officials, it is necessary that one member of every family have the training. It is expected that in the present emergency everyone will be required to study first aid. The standard course entails about 18 hours of work.

Roy E. Litchfield and Coach Doug Leavitt are assisting in the instruction.

NAT GUARD UNIT

(Continued from Page 1) In his oral report, Lt. Tugener said that the unit only has 25 per cent of the strength it should have. If called in as a military outfit, the unit would only meet minimum requirements of an effective unit. Due to this lack of strength the unit was rated satisfactory from possible ratings of very satisfactory and superior.

Improvements necessary before the rating can be brought up include: raising strength of unit to approximately a hundred men and officers; maintenance of almost hundred percent drill attendance record of available unit members; provision of greater security for weapons in storage and achievement of a good record in weekend training this spring.

Lt. Hooker expressed appreciation to everyone who supported and assisted the unit stating that the work was completed just in time for inspection. Without this help the decision of the inspection group might have been different, he said. Future support from lake communities will be necessary to maintain standards of the unit.

An aggressive recruiting campaign through out the area will be necessary in the future to increase unit strength.

Major Degutis Announces Reserve Volunteer Regulations

An enlisted member of the Enlisted Reserve Corps, irregularities of his assignment to a new troop program unit or a non-troop program unit, or any individual who enlists in the Enlisted Reserve Corps for the sole purpose of volunteering for extended active duty may, providing he is physically and otherwise qualified, volunteer and be considered to extended active duty for a period of twenty-one (21) months. All applications for extended active duty must be in accordance with this volunteer program unit or be processed in accordance with current volunteer policies.

Presbyterians To Present Xmas Pageant Sunday Night

A Christmas Pageant entitled "Holy Night" will be presented at the Presbyterian Church beginning at 8 p. m. Sunday night.

The annual candle-lighting service will be held and the Joy Gleanings will be taken. The public is invited.

Reverend Vanderwater's Brother Dies in Chicago

Reverend L. F. Vanderwater received word Wednesday of the death in Chicago, Illinois, of his youngest brother, J. Paul Vanderwater.

Funeral services will be held in the church Saturday (tomorrow) afternoon.

GEN. HUTCHISON WILL SPEAK AT ROTARY CLUB

Brigadier General J. C. Hutchison of Sanford will speak at the Rotary Club today on international affairs.

Veteran of both world wars, General Hutchison served with distinction in the first war in Europe and in the Pacific theatre in the second war. He accepted the Japanese surrender on Mindan. General Hutchison is well known in the Glades area.

SANTA GETS

(Continued from Page 1)

"We have even retrieved a few dolls," reports Assistant Fire Chief Bob Bain, "although most of the credit for those goes to our wives. Firemen are better at painting than sewing doll dresses."

Although many toys have come in through individual donations, the Lions Club and fire department ran a pick up service two weeks ago to add to the supply. Now firemen are working over time trying to refinish and reconstruct as many toys as possible for Christmas. These items will be added to Salvation Army parcels when the supply runs low and used in other welfare cases in the vicinity. The fireman will assist in the distribution program.

Feeling that a community program is especially essential this year, the Business and Professional Woman's Club plans its regular Community Christmas Tree for Christmas Eve. Members have been busy preparing 300 bags of surprises for the children which will be given out at 6:30 in Paradise Park by Santa.

List of donors toward this program include the Lions Club, Elks Club, Rotary Club and individual contributions. Preceding Santa's arrival, a community singing of carols will be held in the Methodist Church as at 6:30 in Paradise Park by Santa.

Churches have contributed to the programs mentioned and have assumed the responsibility of providing for individual families.

The community is working together to put truth in the message "good will toward men" for all in the area in this period of hard times.

STUDENT JOURNALISTS TO MEET AT U. OF F.

Selection of Gainesville as meeting place of the Florida Scholastic Press Association next March 22-24 was announced this week following executive committee meeting in Orlando.

Host to the nearly 300 high school students from all over the state who are interested in high school papers and year books will be the University of Florida's School of Journalism.

The School's Director, Rae O. Weiner, said the students will participate in work shops, panel discussions, and contests in editing, news making, advertising, photography and advertising.

Reverend L. F. Vanderwater received word Wednesday of the death in Chicago, Illinois, of his youngest brother, J. Paul Vanderwater.

Funeral services will be held in the church Saturday (tomorrow) afternoon.

GEN. HUTCHISON WILL SPEAK AT ROTARY CLUB

Brigadier General J. C. Hutchison of Sanford will speak at the Rotary Club today on international affairs.

Veteran of both world wars, General Hutchison served with distinction in the first war in Europe and in the Pacific theatre in the second war. He accepted the Japanese surrender on Mindan. General Hutchison is well known in the Glades area.

All college students home for the Christmas holidays are invited to the Rotary program Friday, December 23, according to club officials. Each student will introduce himself and tell something of his school and studies.

R. S. BURN'S MOTHER DIES IN MIAMI

Mrs. Lucy Moore Burr, 82, mother of R. S. "Spot" Burr, local resident, died Tuesday evening in her Miami home.

Services were held Thursday afternoon at the Holy Cross Episcopal Church in Miami and burial at the Miami City Cemetery.

Other survivors include daughters, Mrs. Margaret E. Clausen and Mrs. James S. Thompson and four grandchildren.

WHITE CHRISTMAS

Continued From Page One the celery nearly ready for cutting, the crop will probably grow out without damage.

Some slight damage was reported to escarole in scattered sections but nothing extensive. Tops of radishes froze with little damage to the produce.

Although planting is again under way, farmers are probably go light for three or four weeks, according to authorities.

This week's lows show the cold spell to have been the severest of the year so far. Readings taken at the Everglades Experiment Station by Edward King, assistant in the engineering department, show lows of 27 Sunday, 30 degrees Monday and 37 degrees Tuesday.

Don't Forget Your Christmas Day Letter

Just getting down to a little serious play—The toddler group of the First Baptist Church enjoy themselves while "Mum and Pop" go to Sunday services. The new nursery provided with all the trimmings for a child's family provides care for babies, children of one to two years and 3 years.

Back row (left to right): Pam Strickland, Tommy Bawdwin, Sheryl Knight, Linda Halling Swarth, Karen Harris and Julia Cherry. Seated on the floor in the front are: Eleanor Clorick, Jo Ellen Hudspeth, and June Knight.

STORY OF

(Continued from Page 1) far in the fields. Each district seemed prettier than the first, and the charm of the day lured her farther than she usually went.

Soon shadows gathered, and the sun dimmed quickly and the land was suddenly pitch black. Sobbing she wandered in the endless grass and scrub. Finally the little girl sat down on a clump of grass, and big glassy tears rolled down her cheeks.

For she knew she was lost. All her friends of the night had disappeared in this strange country. She called and called, but they did not answer.

So little Pearl trudged on through the darkness when suddenly she saw a light. Hurrying there she discovered a huge dew drop mirroring the moon which had just come out. Her big green eyes widened for never had she seen such a dew drop anywhere.

Half afraid she went nearer the dazzling sight when she heard a voice. She jumped but the voice was kind.

"Don't fear little Pearl," the voice said. "I will help you. I have been told by my people that you are good to them and

that they love you. I shall guide you wherever you want to go."

"There beside the big dew drop stood a funny looking little creature as tall as her thumb.

"I am king of the goblins and though people fear my kind, we are good to those who are good to us. Lift me on your shoulder, and I will guide you home."

Following the Goblin's instructions, she soon found herself beside her home. Tears again came to her eyes but this time they came because of her thankfulness to the goblin king.

"What can I do for you now, little goblin," she asked. "You have saved me from the distant fields."

"Above all else I love colored candy gum drops and if you give me some I shall be very happy," he answered.

Quickly Little Pearl returned from the home, gave the goblin king a bag of gum drops and bid him good-by asking him to return again.

So happy was Pearl's father that he had his little daughter back safely again and so happy was Little Pearl to be home once more that they decided

NEW PINK AND BLUE

(Continued from Page 1) tables are constructed with folding leaves and the window boxes also serve as storage boxes for toys for economy of space.

A project which started with an idea and a commission to move the tool house has developed into a going concern and a great aid to parents with young children.

RAMS HONORED AT

Continued From Page One for their part in bringing up boys who know good sportsmanship.

Junior High School Coach Calvin Peacock introduced his squad and the cheer leaders.

Following the banquet, films of the University of Florida Georgia Tech game were shown.

Mrs. F. D. Stevens and members of the cafeteria staff served and prepared the baked ham dinner.

Due to general bad conditions and another heavy freeze this week we have decided to give Santa a break and will sell

HUME'S HOLLY

It's not too far from Christmas time and holly time for another Yuletide story in the tale of the "Tramp" of the plant realm and its rise to fame!

Championing the gay, red-berried plant's cause was Dr. H. Harold Hume, formerly Dean of the College of Agriculture at the University of Florida, who put it up in the horticultural Four Hundred in 1908

when he became interested in its past and future.

In his publication entitled "Evergreen Hollies Native in the United States," describing his work, Dr. Hume has classified 60 to 75 different Hollies under their groups. He was the first to undertake native Holly propagation in quantity by vegetative methods and its classification according to horticultural varieties.

The far flung search for propagation varieties of Holly

began and still continues with a story accompanying the discovery of the East Palatka type.

Riding through East Palatka one morning, Hume and several friends spotted a beautiful red-topped tree in a yard. Upon inquiry Hume was told that the house was rented with the provision that no branches be cut from the tree.

"Well, madam," Hume replied, "it seems as though the tree is not having very much

care, for here are five or six rows that have eaten off every leaf and twig as high up as they can reach. Now, if you will go in the house and close the door, I'll cut a few small pieces from it and the tree will not be injured." Thus, the East Palatka Holly had its beginning.

Historic records reveal that Yaupon Holly leaves, containing about 1.67% caffeine, were highly valued among the southern coastal Indians for the "Black Drink" used in their ceremonies. Too, they were often dried and used as a stimulant of trade. Just when it became popular as a Christmas decoration, however, remains a mystery.

So it is that the holly, once connected with a pagan Indian ritual, has been elevated to a prominent symbol of Christmas, a far cry from Paganism, and with a pedigree all its own, thanks to the efforts of Dr. Hume and a hobby.

BRAHMAN SHOW PLANS PERFECTED IN OCALA

Plans for the seventh annual Ocala Brahman Show and Sale have been perfected, according to President L. E. Fugle of the Eastern Brahman Association, and the show will be held as originally scheduled on January 17, 18, and 19, followed by the sale on January 20.

Nomination blanks for the sale are in the mail, and Chairman W. H. Stuart of the sifting committee urges that, all nominations be in the hands of Secretary Al Oddy not later than November 23. Sifting committee tours of inspection will be held the last week of November, and the first week in December, Stuart said.

Members of the sifting committee include Louis Gilbreath of Ocala, C. H. Beville of Bushnell, C. L. "Slim" Partin of Kissimmee, Dr. W. G. Kirk of Ona, T. J. Durrance, Jr., Brighton, and President Fugle. Fugle said it was his hope that between 35 and 40 Brahman of highest quality would be catalogued for the Ocala sale, and pointed out that purebred auctions throughout the country are setting records. "We must be more careful than ever," Fugle wrote his members, "that we make the Ocala sale 1951 a collection of the highest quality Brahman ever offered at public auction."

Although show premiums have not been finalized as this article is being written, Ocala interests have insisted they will maintain premiums as high or higher as they have been in the past.

Classifications, however, will be in accord with recommendations of the American Brahman Breeders' Association standard classification list which is adopted by the EBA for all shows sponsored by it, with the exception of the 1951 Florida State Fair Brahman Show.

Seven individual classes for each sex, ranging from summer calves through junior and senior calves, summer, junior and senior yearlings, and two-year olds, lead into junior and senior championships, and grand championships. The championships embrace the three older age groups.

Group classes are as follows: three bulls owned by exhibitor, three females owned by exhibitor, two bulls bred and owned by exhibitor, two females bred and owned by exhibitor, get of sire, pair of yearlings, and pair of calves.

The Ocala show will launch the 1951 Brahman show season, and will be followed by the Florida State Fair Show, and the Second Annual Imperial Eastern Show at Bartow, March 22-24.

Other Brahman shows to date include the All-Florida show at Webster, and the Kissimmee Valley show at Kissimmee, in November.

BEST WAY TO AVOID HUNTING ACCIDENTS—JUST BE CAREFUL

The hunting season brings healthful, invigorating outdoor sports to a large number of people. It also brings accidents and fatalities to a few—more than it should. Good sportsmanship adds to the pleasure of hunting and at the same time makes the sport safer for everyone concerned.

The National Safety Council reports three causes which lead to almost two-thirds of the accidents reported during the hunting season, namely: humans in the line of fire, mistaking humans for game, and hunting with the safety catch off.

Sportsmanship is just good manners, as every hunter knows. It includes using the right gun for the right game, hunting only in season and not taking the limit unless he can use the meat. For bird hunting, the hunter takes a trained dog to retrieve cripples. He puts out cigarettes and campfires carefully, breaks matches be-

for dropping them, and in general, tempers his action with reason.

The same is true for safety. The intelligent hunter considers carefully what he's doing—he learns and follows safety precautions which include:

1. Treat every gun with the respect due a loaded gun. This is the cardinal rule of gun safety.

2. Carry only guns that are empty, taken down or with the action open into your auto, camp and home.

3. Always be sure that the barrel and action are clear of obstructions.

4. Always carry your gun so that you can control the direction of the muzzle, even if you stumble.

5. Be sure of your target before you pull the trigger.

6. Never point a gun at anything you do not want to shoot.

7. Never leave your gun unattended unless you unload it first.

8. Never climb a tree or a fence with a loaded gun.

9. Never shoot at a flat, hard surface of water.

10. Do not mix gunpowder and alcohol.

Statistics show that a girl need neither be pretty nor rich to be popular—it's no handicap, though, to be pretty rich.

High-power engines furnish as much horse power as ever in this country, but too many folks who control it have no horse sense.

A sensible looking girl very often is not as sensible as she looks, because a sensible girl has more sense than to look sensible.

**"DO YOU HAVE A MAID?"
ASKS SECURITY OFFICE**

"Do you have a maid?"

Not so very many households these days can answer yes, but those who do have a maid or any other household worker will need a copy of a brief booklet bearing that question as a title. R. C. Gehrken, Jr., Manager of the West Palm Beach, Florida social security office, began distributing this booklet today. This colorful leaflet sets out, in a few sentences, just how the lady of the house, or any employer of domestic help in or around the home, may tell whether or not the worker is brought under the new social security law which becomes effective on January 1.

The work of those regularly employed in private homes will be credited to social security and the employer will be responsible for reporting wages, along with social security taxes, to the collector of internal revenue.

The title of the pamphlet does not stop with "Do You Have a Maid?" but continues "—or a laundress?—a cook?—a chauffeur?—a gardener?" Any of these, or any other persons employed regularly for work in or around a private household may come under the new law, employers to request a free copy of the booklet.

A simple test in the booklet, in terms of amount of wages paid and regularity of employment, will tell whether a maid or cook or laundress will get the protection of social security—and whether the housewife should start making reports next year. If so, there's a postage-paid postal card in the government-issued booklet which the housewife should mail in for instructions. Copies of the booklet are

available at all post offices, or may be secured at offices of the collector of internal revenue. "Here in West Palm Beach, Florida," said Mr. Gehrken, "if you'll just call the social security office, telephone 7296, or drop us a post card, asking for booklet, 'Do You Have a Maid?' we'll send it to you by return mail." Address of the office is Social Security Administration, 501 N. Olive Avenue, West Palm Beach, Florida.

The social security manager said he is arranging with women's groups to furnish supplies of the booklet for their members.

For the domestic worker's own information about her new social security protection, a special leaflet is available at the social security office. Mr. Gehrken pointed out that regularly employed domestic workers will need a social security account number card after January 1, 1951.

The "Do You Have a Maid?" booklet does not apply to domestic work on farms operated for profit. Such work is covered by other provisions in the new social security law.

**TWO-DAY COURSE FOR
CATTLE HERDSMEN IS
SCHEDULED DEC. 22-23**

A beef cattle herdsman's short course, sponsored by the Florida Aberdeen-Angus Breeders Association, will be held at the University of Florida December 22-23. The course is open to all herdsmen.

Authorities on beef cattle will give lectures and demonstrations and will answer questions on feeding, grooming, breeding, fitting, tattooing, registering, sales, and other phases of purebred beef cattle production.

Two outstanding Aberdeen-Angus cattlemen, Joe Keefeauver, of Jonesboro, Tenn., and Kenneth Litton, of Round Hill, Va., will participate on the program, as will Bill McSpadden, former southeastern representative of the American Aberdeen-Angus Breeders Association and now manager of the great Futurity Show at Lexington, Ky.

Besides the Aberdeen-Angus discussion, association representatives of other breeds of cattle will be present to give details on beef production of their respective breeds.

Registration fee for the course is \$15, which should be mailed to Perry Ramsey, Milcanopy, Mr. Ramsey is secretary of the state association sponsoring the short course.

**ANSWER
YOUR
CHRISTMAS
SEAL
LETTER****FIGHT TB****ABOUT 140 FLORIDIANS
WALKED TO THEIR DEATH**

"You're only two feet from death," Director H. N. Kirkman of the Department of Public Safety told newsmen today, "anytime you venture into the street!"

Kirkman's remark was made in connection with the Florida Highway Patrol's November program of traffic safety education, which he heads.

About 8,900 persons walked to their deaths in 1949 and 140 of them were Floridians," he said, "and the toll of injured pedestrians ran in six figures while in the State of Florida there were 517 persons injured according to the Florida Highway Patrol. The danger to those who walk in or cross streets is ever-present. They are, in reality, just two feet from death."

The Patrol's November program has pedestrian safety as its theme and is being coordinated throughout Florida in cooperation with the National Safety Council.

"At this time of year," Kirkman said, "pedestrian deaths begin their dizzy climb to top the monthly average for the rest of the year. In cities, particularly, the toll of walkers is staggering during October, November, and December. In November we can predict that pedestrian deaths will run up about 30 to 40 per cent above average."

The accidental dangers of reduced visibility and inclement weather during these months make carelessness and disregard for traffic rules on the part of pedestrians doubly foolhardy, and a special effort is being made this month to emphasize these dangers to pedestrians.

"Our immediate goal," Kirkman said, "is to utilize every means possible to bring home to all walkers three important factors involved in pedestrian accidents. Pedestrians should keep in mind that:

"1. In any dispute involving a pedestrian and a car, the car is sure to win. The average automobile outweighs the walker by 10 to 20 times. This is one good reason why it is redoubtous for a pedestrian to take chances. He can't win."

"2. Rules and regulations designed to control and protect

whims. Surveys made by some cities and states have indicated that from three out of four to eight out of ten pedestrians in fatal accidents were walking in violation of some traffic rule at the time.

"3. Blind obedience to traffic rules and regulations is no foolproof means of escaping death or injury. Alertness is too often discarded when the pedestrian feels that he has the right of way. He should always expect the unexpected."

Definite, tangible reductions in Florida's pedestrian death and injury rate this winter are not only possible, the Florida Highway Patrol feels, but inevitable.

"Inevitable, that is, if the pedestrians themselves want it

that way!" Director Kirkman said, grimly. "Inevitable, that is, if they remember that every time they step from a curb, from a safety zone, or crosswalk, they are just two feet from death!"

Robert P. Gerholtz, Flint, Mich., president of the National Association of Real Estate Boards, called for the organization of the nation's entire rental housing industry into a powerful trade association in an address before the National Apartment Owners Association in Salt Lake City.

The engineering team will be headed by Captain Charles M. Edmondson and several enlisted men.

May heaven
and nature sing
for you this
season.

following questions will be of interest to other veterans.

Q. As a disabled veteran, training under Public Law 16, I have been able to get along nicely on my subsistence allowance and disability compensation pay until last month, when my wife had to have an operation. Is there any way I can get a small loan to help pay hospital expenses?

A. The Veterans Administration maintains a Vocational Rehabilitation Revolving Fund, from which you may borrow up to \$100. No interest is charged on the loans. You may apply for such a loan at the nearest VA Regional Office, or contact your VA Training Officer.

Q. In 1940, I enlisted in the Canadian Army and lost my American citizenship by doing so. I recently was repatriated and am living in the United States. Am I eligible for GI Bill benefits?

A. Yes, so long as you have not received the same or similar benefit from the Canadian Government. Under the law, you are eligible so long as you were a U. S. citizen at the time of entry into the active duty with an allied government.

Q. I am the widow of a World War II veteran, and I am drawing National Service Life Insurance payments in regular monthly installments. Is it possible to obtain the remainder of the insurance in a lump sum so I can buy a house?

A. No. Once insurance payments have started, no change in the method of payments may be made, except, when insured designated payment in a lump sum.

Q. I expect to enter a VA Hospital shortly for treatment of a 40 per cent service-connected disability, and I understand I'm to remain there for two or three months. Is there any way my family can get financial help from VA while I am hospitalized?

A. VA has no funds specifically available for such purposes. However, after you have been in the hospital 21 days or more for treatment of the service-connected condition, VA will pay you a 100 per cent rating, which you will continue to receive thereafter for as long as you remain hospitalized for such treatment.

Q. I am planning to buy a home with a GI loan, and am ready to make a down payment. What happens to my down payment in case a VA loan guaranty cannot be accomplished?

A. Unless you make certain a clause is inserted in the purchase contract stating that payments are to be returned to you if loan cannot be obtained, you may lose your down payment.

Q. If you have a question you would like to have answered, see your local Veterans' Service Officer, or send it to the State Service Officer, P. O. Box 1437, St. Petersburg, Florida.

SEASON'S GREETINGS
and good wishes

MORE RIGID CONTROLS DUE, ROGERS SAYS

"Regardless of whether World War III becomes a reality, we more than likely will be living under more rigid controls together with practically a wartime economy," says J. Carlisle Rogers, of Leesburg, president of the Florida Bankers Association.

"Employment and wages are high with a prospect that wages will go higher unless controls are put into effect soon. Citrus, vegetables and livestock will be in demand and prices should be firm to higher."

"It looks as if more training centers will have to be opened up to take care of the large draft program and that means that Florida will get its share. People who work hard on wartime jobs will naturally turn to resort areas for vacations and all sections of Florida should benefit."

"All in all 1951 should be a banner year in the economic life of Florida," Rogers concluded.

Concurring with Rogers, Harold Cole, executive vice president of the Florida State Chamber of Commerce, sees continued industrial and agricultural expansion in the state plus a record breaking tourist season.

The Florida State Advertising Commission has already adopted an alternate theme to publicize the state if full mobilization comes. It's "Florida for Health."

War or no war, it looks as though Florida is in for continued growth and prosperity.

COL. ALTMAN ENDORSED CIVIL DEFENSE HEAD

Col. Ellis Altman, (ret.), newly-named chairman of the Palm Beach County Civil Defense Council, was officially endorsed and thanked for assuming this responsibility by the County Commission at a recent meeting.

CLEWISTON SUGAR CORP. ATTRACTS MANY VISITORS

Although better known as an industrial plant than a tourist attraction, the giant sugar-house of the United States Sugar Corporation at Clewiston is attracting more and more visitors each season. Visitors get a real thrill from watching the operation that transforms fresh cut cane into raw sugar. Thirty-two thousand pounds of cane were milled last year and registrations so far this season indicate that an even larger number will go through the plant this year. No admission is charged and experienced guides escort visitors on specially conducted tours at regular intervals during the day.

TRUCK AXLE OVERLOAD TO BE ENFORCED JAN. 15

It was decided recently that the Highway Patrolmen, who are assigned to the weight enforcement division under the direct supervision of Sgt. W. E. Butler, will begin enforcement of the axle load limitation provisions on January 15. Under this Act, which is patterned after the uniform Code recommended by the American Association of State Highway Officials for all states in the Union, trucks are allowed a maximum gross load of from 32,000 to 64,000 pounds depending on axle spacing, with a limitation of 18,000 pounds per axle. When enforcement officers find by weighing the vehicles that the load limit is exceeded, a graduated penalty of from 1 cent to 5 cents per pound of excessive weight is imposed and must be paid to the officers before the truck is permitted to proceed. The overloads if exceeding 6,000 pounds must also be unloaded on the spot before the vehicle proceeds.

The Act as passed by the last Legislature has the full support of the Florida Trucking Association, as has its enforcement.

The enforcement officers are weighing an average of 2,300 trucks a month, using permanent pit scales at strategic locations and portable scales set up at temporary sites to catch operators who might be dodging the permanent weighing stations. Last month out of the 2,800 vehicles weighed, 39 (or

less than 2 per cent) were over the gross weight. One of the most violations, involving an out-of-state vehicle, covered a gross-weight truck of 88,555 pounds, representing an overload of 24,355 pounds for the penalty of \$1,214.65 was collected.

Conference On Caribbean Hailed Success At U. of F.

Some 60 statesmen and other leading figures from both North and South American countries are this week sailing the Conference on the Caribbean at Mid-Century, given last weekend at the University of Florida, as being of tremendous importance to relationships in the Western Hemisphere.

The three-day conference opened last Thursday with discussions on agriculture in the Caribbean area (of which south Florida was named a part by one speaker).

Principal speakers on the agriculture panel were Wilson Popeye, Director, Escuela Agrícola Panamericana, Tegucigalpa, Honduras; Manuel Elgueta, Chief, Plant Industry Department, Inter-American Institute of Agricultural Sciences, Turrialba, Costa Rica; and Ramon Colon-Torres, Commissioner of Agriculture of Puerto Rico, San Juan, Puerto Rico.

Cited at a first-day luncheon for his fight to relieve a "food-hungry" North and South America was J. G. Harrar, Field Director for Agriculture, Division of Natural Sciences, Rockefeller Foundation.

Other principal speakers on the three-day program were E. G. Miller, Assistant Secretary of State for Inter-American Affairs, and Harry F. Guggenheim, former Ambassador to Cuba and now president of the Daniel and Florence Guggenheim Foundation, and Harry Frank Guggenheim Foundation.

A writer says that if women ever do get equal rights it will be quite a comedown for some of them.

MARCH OF DIMES FUNDS GO TO EMERGENCY AREAS

During the week ended November 25, the United States Public Health Service reported 569 new polio cases in continental United States, the highest incidence recorded for this time of year in the past five years and probably the highest in history. There have been 31,380 polio cases reported since January 1, 1950.

Reflecting the late continuing incidence, the National Foundation provided \$156,890 in March of Dimes funds to 48 chapters in 25 states during the week ending November 25. Other services included the supplying of eleven respirators to 977 chapters which have exhausted their local funds and have supplied 608 respirators, 318 hot pack machines, 218 beds and cribs.

Also during the week ended November 25, the American Red Cross recruited 13 nurses for polio patient duty. Since January, the National Foundation has sent \$7,577,983 in six states.

As polio incidence continued at an unusually high level, the emergency services of the National Foundation for Infantile Paralysis maintained a flow of equipment at the March of Dimes to areas where the disease still is striking. During the year, personnel recruitments have included 12 medical consultants, 26 resident physicians, 114 physical therapists and 1,067 Red Cross nurses. Consultants of the Joint Orthopedic Nursing Advisory paid 122 field visits.

FSU STUDENT CIRCUS MOST PROFESSIONAL

Florida State University students at Tallahassee have bustled out with one of the most sensational, death defying, indescribable, imitable spectacles ever witnessed by the human eye. In short, they have

a circus. And if you have seen the top trapeze artists of Ringling Brothers and Barnum and Bailey now touring the U. S. you'll agree these youngsters are just about as skilled as professionals. In fact some of January 16, afternoon and the acts are practically dead ringers. But these Florida kids are so good you will wonder just who swiped from whom.

So says Wayne Amos in the American magazine in a feature article describing the amazing Circus Circus developed at the Florida State University.

Floridians will have an opportunity to see this remarkable show which features 22 different acts in a 5 ring circus, during the Festival of States at St. Petersburg, January 13 to 20. The FSU Circus will state two performances on January 16, afternoon and night.

Several hundred students participate and most of them come from small towns in Florida. They are remarkably clever and can hold their own with the best of the professionals. Make your plans now to see both the famed Festival of States and the Florida State University Circus in St. Petersburg, January 13-20, 1951.

What Does Santa Eat?

By BETTY BARCLAY

I don't know what the good old Saint eats away up there near the North Pole, but it certainly agrees with him. He always jolly-sever this. For his information, and yours, here are some appealing holiday-time, or any-time recipes:

Oyster Stuffing
 1/2 cup butter
 2 tablespoons minced onion
 4 cups soft bread crumbs
 2 cups oysters, drained and chopped
 1 tablespoon Worcestershire Sauce
 Salt and pepper

Cook oysters and onion in fat until soft. Add bread cubes and parsley. Add oysters and seasonings and enough oyster liquor to moisten.

Fruit Cake
 1/2 pound seedless raisins
 1/2 pound finely cut dates
 1/2 pound finely cut candied citron
 1/2 pound finely cut assorted cherries
 1/2 cup sifted all-purpose flour
 1 teaspoon baking powder
 1 teaspoon salt
 1 teaspoon cinnamon
 1/2 cup shortening
 1/2 cup brown sugar
 1 cup light or dark corn syrup
 4 eggs, well-beaten
 1/2 cup orange juice
 1/2 cup lemon juice
 1/2 cup vanilla extract
 1/2 cup brandy
 1/2 cup rum
 1/2 cup brandy
 1/2 cup rum
 1/2 cup brandy
 1/2 cup rum

Wash and prepare fruit. Mix and sift dry ingredients. Cream with shortening; add sugar; cream until light and fluffy. Add eggs, one at a time, beating in well. Add orange juice; mix well. Add fruit.

Chocolate Mousse Tortoni
 3 squares unsweetened chocolate
 1/2 cup water
 1/2 cup sugar
 1 egg yolk, well beaten
 1 teaspoon vanilla
 1/2 cup cream, whipped
 1/2 cup macaroon crumbs
 1/2 cup almond extract
 1/2 cup macaroon crumbs

Combine chocolate and water in saucepan. Bring to a boil over low heat, stirring vigorously until blended. Add sugar and salt and simmer 3 minutes, stirring constantly. Pour slowly over egg yolk; stir well.

Cool. Add vanilla and fold in whipped cream. Fold in 1/2 cup macaroon crumbs and almond extract. Turn into freezing tray of automatic refrigerator, set control for coldest freezing temperature, and freeze 3 to 4 hours. Sprinkle 1/2 cup macaroon crumbs over mounds before serving. Makes 5 to 10 mounds.

Fruit Cake Baked Dessert
 1/2 cup milk (not canned)
 1 package lemon rennet
 1/2 cup whipped cream
 1/2 cup milk (not canned)
 1 package lemon rennet
 1/2 cup whipped cream

Divide fruit cake among 5 or 6 dessert glasses. Warm milk slowly until lukewarm, stirring constantly. Add a drop of the milk of your wrist frequently. When it feels comfortably warm (110° F.)—not hot, remove at once from heat. Stir in contents of package of rennet powder at one time. Mix until powder is dissolved and over one minute. Pour at once, while still liquid, into dessert glasses. Do not disturb for about 10 minutes, while milk sets. Then chill in refrigerator until serving time. Just before serving chilled rennet dessert, top with whipped cream cake, garnish with crumbled fruit cake.

Coconut Cranberry Christmas Pie
 1 package prepared vanilla pudding
 2 cups milk
 1/2 cup coconut cut
 1 baked 8 or 9 inch pie shell
 1/2 cup canned whole cranberry sauce
 1/4 cup water
 1/2 package (10 1/2 tablespoons) orange-flavored gelatin

Place pudding powder in saucepan. Add milk gradually, stirring constantly. Cook and stir until milk comes to a boil and is thickened. Add 1/2 cup of the coconut and slightly (about 5 minutes) stirring once or twice. Turn into pie shell. Cook thoroughly.

Combine cranberry sauce and water in saucepan; cook and stir until mixture comes to a boil. Remove from heat. Add gelatin and stir until dissolved. Chill until thickened. Spread over thoroughly cooled filling. Chill.

For Christmas tree garnish
 1/2 cup green food coloring
 1/2 cup water
 1/2 cup white glue
 1/2 cup white glue
 1/2 cup white glue

Combine green food coloring and water in saucepan. Bring to a boil over low heat, stirring vigorously until blended. Add sugar and salt and simmer 3 minutes, stirring constantly. Pour slowly over egg yolk; stir well.

Cool. Add vanilla and fold in whipped cream. Fold in 1/2 cup macaroon crumbs and almond extract. Turn into freezing tray of automatic refrigerator, set control for coldest freezing temperature, and freeze 3 to 4 hours. Sprinkle 1/2 cup macaroon crumbs over mounds before serving. Makes 5 to 10 mounds.

Fruit Cake Baked Dessert
 1/2 cup milk (not canned)
 1 package lemon rennet
 1/2 cup whipped cream
 1/2 cup milk (not canned)
 1 package lemon rennet
 1/2 cup whipped cream

Divide fruit cake among 5 or 6 dessert glasses. Warm milk slowly until lukewarm, stirring constantly. Add a drop of the milk of your wrist frequently. When it feels comfortably warm (110° F.)—not hot, remove at once from heat. Stir in contents of package of rennet powder at one time. Mix until powder is dissolved and over one minute. Pour at once, while still liquid, into dessert glasses. Do not disturb for about 10 minutes, while milk sets. Then chill in refrigerator until serving time. Just before serving chilled rennet dessert, top with whipped cream cake, garnish with crumbled fruit cake.

Coconut Cranberry Christmas Pie
 1 package prepared vanilla pudding
 2 cups milk
 1/2 cup coconut cut
 1 baked 8 or 9 inch pie shell
 1/2 cup canned whole cranberry sauce
 1/4 cup water
 1/2 package (10 1/2 tablespoons) orange-flavored gelatin

Place pudding powder in saucepan. Add milk gradually, stirring constantly. Cook and stir until milk comes to a boil and is thickened. Add 1/2 cup of the coconut and slightly (about 5 minutes) stirring once or twice. Turn into pie shell. Cook thoroughly.

Combine cranberry sauce and water in saucepan; cook and stir until mixture comes to a boil. Remove from heat. Add gelatin and stir until dissolved. Chill until thickened. Spread over thoroughly cooled filling. Chill.

For Christmas tree garnish
 1/2 cup green food coloring
 1/2 cup water
 1/2 cup white glue
 1/2 cup white glue
 1/2 cup white glue

Combine green food coloring and water in saucepan. Bring to a boil over low heat, stirring vigorously until blended. Add sugar and salt and simmer 3 minutes, stirring constantly. Pour slowly over egg yolk; stir well.

Cool. Add vanilla and fold in whipped cream. Fold in 1/2 cup macaroon crumbs and almond extract. Turn into freezing tray of automatic refrigerator, set control for coldest freezing temperature, and freeze 3 to 4 hours. Sprinkle 1/2 cup macaroon crumbs over mounds before serving. Makes 5 to 10 mounds.

Fruit Cake Baked Dessert
 1/2 cup milk (not canned)
 1 package lemon rennet
 1/2 cup whipped cream
 1/2 cup milk (not canned)
 1 package lemon rennet
 1/2 cup whipped cream

Divide fruit cake among 5 or 6 dessert glasses. Warm milk slowly until lukewarm, stirring constantly. Add a drop of the milk of your wrist frequently. When it feels comfortably warm (110° F.)—not hot, remove at once from heat. Stir in contents of package of rennet powder at one time. Mix until powder is dissolved and over one minute. Pour at once, while still liquid, into dessert glasses. Do not disturb for about 10 minutes, while milk sets. Then chill in refrigerator until serving time. Just before serving chilled rennet dessert, top with whipped cream cake, garnish with crumbled fruit cake.

Coconut Cranberry Christmas Pie
 1 package prepared vanilla pudding
 2 cups milk
 1/2 cup coconut cut
 1 baked 8 or 9 inch pie shell
 1/2 cup canned whole cranberry sauce
 1/4 cup water
 1/2 package (10 1/2 tablespoons) orange-flavored gelatin

Place pudding powder in saucepan. Add milk gradually, stirring constantly. Cook and stir until milk comes to a boil and is thickened. Add 1/2 cup of the coconut and slightly (about 5 minutes) stirring once or twice. Turn into pie shell. Cook thoroughly.

Combine cranberry sauce and water in saucepan; cook and stir until mixture comes to a boil. Remove from heat. Add gelatin and stir until dissolved. Chill until thickened. Spread over thoroughly cooled filling. Chill.

For Christmas tree garnish
 1/2 cup green food coloring
 1/2 cup water
 1/2 cup white glue
 1/2 cup white glue
 1/2 cup white glue

What Does Santa Eat?
 By BETTY BARCLAY
 I don't know what the good old Saint eats away up there near the North Pole, but it certainly agrees with him. He always jolly-sever this. For his information, and yours, here are some appealing holiday-time, or any-time recipes:

Oyster Stuffing
 1/2 cup butter
 2 tablespoons minced onion
 4 cups soft bread crumbs
 2 cups oysters, drained and chopped
 1 tablespoon Worcestershire Sauce
 Salt and pepper

Cook oysters and onion in fat until soft. Add bread cubes and parsley. Add oysters and seasonings and enough oyster liquor to moisten.

Fruit Cake
 1/2 pound seedless raisins
 1/2 pound finely cut dates
 1/2 pound finely cut candied citron
 1/2 pound finely cut assorted cherries
 1/2 cup sifted all-purpose flour
 1 teaspoon baking powder
 1 teaspoon salt
 1 teaspoon cinnamon
 1/2 cup shortening
 1/2 cup brown sugar
 1 cup light or dark corn syrup
 4 eggs, well-beaten
 1/2 cup orange juice
 1/2 cup lemon juice
 1/2 cup vanilla extract
 1/2 cup brandy
 1/2 cup rum
 1/2 cup brandy
 1/2 cup rum

Wash and prepare fruit. Mix and sift dry ingredients. Cream with shortening; add sugar; cream until light and fluffy. Add eggs, one at a time, beating in well. Add orange juice; mix well. Add fruit.

Chocolate Mousse Tortoni
 3 squares unsweetened chocolate
 1/2 cup water
 1/2 cup sugar
 1 egg yolk, well beaten
 1 teaspoon vanilla
 1/2 cup cream, whipped
 1/2 cup macaroon crumbs
 1/2 cup almond extract
 1/2 cup macaroon crumbs

Combine chocolate and water in saucepan. Bring to a boil over low heat, stirring vigorously until blended. Add sugar and salt and simmer 3 minutes, stirring constantly. Pour slowly over egg yolk; stir well.

Cool. Add vanilla and fold in whipped cream. Fold in 1/2 cup macaroon crumbs and almond extract. Turn into freezing tray of automatic refrigerator, set control for coldest freezing temperature, and freeze 3 to 4 hours. Sprinkle 1/2 cup macaroon crumbs over mounds before serving. Makes 5 to 10 mounds.

Fruit Cake Baked Dessert
 1/2 cup milk (not canned)
 1 package lemon rennet
 1/2 cup whipped cream
 1/2 cup milk (not canned)
 1 package lemon rennet
 1/2 cup whipped cream

Divide fruit cake among 5 or 6 dessert glasses. Warm milk slowly until lukewarm, stirring constantly. Add a drop of the milk of your wrist frequently. When it feels comfortably warm (110° F.)—not hot, remove at once from heat. Stir in contents of package of rennet powder at one time. Mix until powder is dissolved and over one minute. Pour at once, while still liquid, into dessert glasses. Do not disturb for about 10 minutes, while milk sets. Then chill in refrigerator until serving time. Just before serving chilled rennet dessert, top with whipped cream cake, garnish with crumbled fruit cake.

Coconut Cranberry Christmas Pie
 1 package prepared vanilla pudding

Just before serving chilled rennet dessert, top with whipped cream cake, garnish with crumbled fruit cake.

Coconut Cranberry Christmas Pie
 1 package prepared vanilla pudding
 2 cups milk
 1/2 cup coconut cut
 1 baked 8 or 9 inch pie shell
 1/2 cup canned whole cranberry sauce
 1/4 cup water
 1/2 package (10 1/2 tablespoons) orange-flavored gelatin

Place pudding powder in saucepan. Add milk gradually, stirring constantly. Cook and stir until milk comes to a boil and is thickened. Add 1/2 cup of the coconut and slightly (about 5 minutes) stirring once or twice. Turn into pie shell. Cook thoroughly.

Combine cranberry sauce and water in saucepan; cook and stir until mixture comes to a boil. Remove from heat. Add gelatin and stir until dissolved. Chill until thickened. Spread over thoroughly cooled filling. Chill.

For Christmas tree garnish
 1/2 cup green food coloring
 1/2 cup water
 1/2 cup white glue
 1/2 cup white glue
 1/2 cup white glue

Combine green food coloring and water in saucepan. Bring to a boil over low heat, stirring vigorously until blended. Add sugar and salt and simmer 3 minutes, stirring constantly. Pour slowly over egg yolk; stir well.

Cool. Add vanilla and fold in whipped cream. Fold in 1/2 cup macaroon crumbs and almond extract. Turn into freezing tray of automatic refrigerator, set control for coldest freezing temperature, and freeze 3 to 4 hours. Sprinkle 1/2 cup macaroon crumbs over mounds before serving. Makes 5 to 10 mounds.

Fruit Cake Baked Dessert
 1/2 cup milk (not canned)
 1 package lemon rennet
 1/2 cup whipped cream
 1/2 cup milk (not canned)
 1 package lemon rennet
 1/2 cup whipped cream

Divide fruit cake among 5 or 6 dessert glasses. Warm milk slowly until lukewarm, stirring constantly. Add a drop of the milk of your wrist frequently. When it feels comfortably warm (110° F.)—not hot, remove at once from heat. Stir in contents of package of rennet powder at one time. Mix until powder is dissolved and over one minute. Pour at once, while still liquid, into dessert glasses. Do not disturb for about 10 minutes, while milk sets. Then chill in refrigerator until serving time. Just before serving chilled rennet dessert, top with whipped cream cake, garnish with crumbled fruit cake.

Coconut Cranberry Christmas Pie
 1 package prepared vanilla pudding
 2 cups milk
 1/2 cup coconut cut
 1 baked 8 or 9 inch pie shell
 1/2 cup canned whole cranberry sauce
 1/4 cup water
 1/2 package (10 1/2 tablespoons) orange-flavored gelatin

Place pudding powder in saucepan. Add milk gradually, stirring constantly. Cook and stir until milk comes to a boil and is thickened. Add 1/2 cup of the coconut and slightly (about 5 minutes) stirring once or twice. Turn into pie shell. Cook thoroughly.

Combine cranberry sauce and water in saucepan; cook and stir until mixture comes to a boil. Remove from heat. Add gelatin and stir until dissolved. Chill until thickened. Spread over thoroughly cooled filling. Chill.

For Christmas tree garnish
 1/2 cup green food coloring
 1/2 cup water
 1/2 cup white glue
 1/2 cup white glue
 1/2 cup white glue

Combine green food coloring and water in saucepan. Bring to a boil over low heat, stirring vigorously until blended. Add sugar and salt and simmer 3 minutes, stirring constantly. Pour slowly over egg yolk; stir well.

Cool. Add vanilla and fold in whipped cream. Fold in 1/2 cup macaroon crumbs and almond extract. Turn into freezing tray of automatic refrigerator, set control for coldest freezing temperature, and freeze 3 to 4 hours. Sprinkle 1/2 cup macaroon crumbs over mounds before serving. Makes 5 to 10 mounds.

Fruit Cake Baked Dessert
 1/2 cup milk (not canned)
 1 package lemon rennet
 1/2 cup whipped cream
 1/2 cup milk (not canned)
 1 package lemon rennet
 1/2 cup whipped cream

DAUGHTER'S PENNY

A penny in a fuse socket can set the house afire, the Rural Electrification Administration of the U. S. Department of Agriculture warns. Many people still are unaware of the danger of overheating wires by replacing a burned-out fuse with a penny. For example, the Iowa Extension Service found in a recent survey that pennies had been used to "fix" fuses in 106 out of 443 homes.

The fuse is a protection. When it "blows," it warns that wires are overloaded—that is, more electricity is being carried than the circuit can handle safely. The trouble may be using too many appliances on one circuit, or some defect in an appliance, a cord, or the wiring. The burning out of the fuse cuts off the current, thus avoiding fires from overheated hidden wires.

If a penny replaces the fuse, the cause of the trouble is not corrected. The circuit still is overloaded, and the wires may become so hot that their insulation may begin to smolder. Overloaded wires have smoldered inside a house for some days before they have been discovered. Fires in the night or when families are away often have been traced to such a start.

Every home should have extra fuses of the right size conveniently near the service box where they can be ready if a fuse blows. To prevent trouble, wiring should be inspected and approved by a qualified inspector and then re-inspected every few years.

The housewife as well as her husband should be familiar with the size of wires and fuses recommended for the home. The National Electrical Association recommends No. 12 wire for general home wiring for light and small appliances rather than the No. 14 wire used in the past. No. 12 is large enough for most electric appliances except heavier items like ranges, water heaters and clothes dryers. These take special outlets and circuits.

The right size fuse protects the wire. For light circuits, a 15 ampere fuse is recommended. Appliance circuits take a 20-ampere fuse. This information will be stamped on the metal at the bottom of the fuse.

FLA. HAS INCREASE OF PARALYSIS CASES

Florida had recorded 427 cases of Infantile Paralysis so far this year through the week of December 2, an increase of 145 cases over last year's total, State March of Dimes Chairman J. Willis Miller revealed this week.

The figures compiled by the State Board of Health, give rise to warning by Dr. Miller, that Florida may face "a real polio epidemic in 1951."

The University of Florida President voiced the warning in connection with the announcement of an Advanced Special Gifts campaign for the National Foundation of Infantile Paralysis designed to help make up a current deficit in funds for current polio patient care.

Dr. Miller said that the National Foundation is out of funds and that in many cases hospitals, doctors, and nurses are "generally postponing" demands for salaries for their services in order that the patients currently under medical care can continue to get treatment.

He added that the Special Gifts is designed for those who want to give before the end of the year thus helping in a "real emergency." This special campaign is being conducted in advance of the 1951 March of Dimes drive scheduled the last two weeks in January.

Local county chairmen throughout the State are being urged to "push" the advanced gifts campaign and local county foundation chapters have been requested to turn surplus funds back to the National Foundation for the current emergency.

Don't fail to sign the Freedom Scroll. Make sure your name is among those of patriotic Americans who are fighting to lift the Iron Curtain everywhere.

KEEP YOUR GUARD UP! JOIN THE NATIONAL GUARD

In connection with the transfer of the publication, Dr. Louis F. Haines, director of the Florida Press, was guest of honor at a recent luncheon meeting in Washington, D. C., at the Library of Congress.

The Handbook is a bibliography compiled annually by the Hispanic Foundation of the Library of Congress containing works of 49 contributing editors in the field of Latin American scholarship.

U. OF F. TO PUBLISH LATIN HANDBOOK

Announcement was made this week to the effect that publication of the "Handbook of Latin American Studies" has been transferred from the Harvard University Press to the University of Florida Press.

The Handbook is a bibliography compiled annually by the Hispanic Foundation of the Library of Congress containing works of 49 contributing editors in the field of Latin American scholarship.

I'm happiest when serving you...
 By day or night on Christmas, too.
 So here's my wish for 'Tifty One...
 Just let me work... and you have fun!

**Hired Farm Workers
To Be Under Social
Security January 1**

For the first time, hired farm workers will come under Social Security provisions January 1, 1951, and employers of farm labor are already making plans to comply with the new provisions of the law. The provisions do not apply to farm operators or their wives and minor children, or to those who work less than a three-month quarter to qualify.

Federal old-age and survivors' insurance, commonly called Social Security, is a family insurance plan provided by the National Social Security Act, which is operated by the United States government, and its purpose is to compensate to some extent for loss of earnings in old age and to provide some protection for a wage earner's family after his death. Other classes of employees have been covered for several years, but Social Security is coming to farm labor for the first time.

The provisions apply to hired laborers doing all kinds of farm work, and are compulsory. The employer deducts 1 1/2 per cent from the laborer's pay, matches it and sends the 3 per cent to the Collector of Internal Revenue in Jacksonville.

An employee must work at least a quarter of a year for the same employer to qualify, and the quarters are the first, second, third and fourth quarters of the calendar year. If he changes jobs, he must work a full quarter for his new employer before his work begins to count toward Social Security. After he qualifies, he must work at least 90 days out of each quarter and draw at least \$50 to stay on the rolls.

Employers are cautioned to make returns quarterly and to be sure the correct name and Social Security number of the employee are given.

Social Security offices are in Jacksonville, Gainesville, Daytona Beach, Tallahassee, Pensacola, Orlando, Lakeland, Tampa, St. Petersburg, Sarasota, West Palm Beach, Fort Lauderdale and Miami. Information about the law can be obtained at any of these.

Instruction On State Parks Asked By Pennkamp

A call for Florida educators to take their pupils to state parks for the study of "history in the raw" has been made by John D. Pennkamp, chairman of the Florida Board of Parks and Historic Memorials.

Specifically, Pennkamp pointed to Florida Caverns near Marianna, in recent talks with educators. There is a fantastic fairyland offers to even the casual student a cross-section of centuries of the past, showing remains of the life which existed over nearly 10,000,000 years of this earth's history while Florida was being built up from the bottom of the sea. The pattern is laid in shells and fossil remains, dating from the beginning of life in this section.

He noted that Robert O. Vernon, assistant geologist of Florida, has this to say of the Florida Caverns, a part of the state park system:

"The limestone in which the caves of Florida Caverns were carved is known from geologic studies made throughout the state to have been raised from the sea by land movements after being formed and to have extensively eroded, following which it was again submerged under the sea and other limestone deposited over the eroded surface. Over this second surface, a delta deposit of sand, clay and gravel was formed by streams that emptied into the Gulf of Mexico."

Five great ice ages have come and gone in the formation of the walls of Florida Caverns, and there, says Pennkamp, "history in the raw is spread out for modern man to read, with help from the geologists and the park service." He added that the record of these past ages is embellished with majestic cascades of stalactites in an underground room looking like a cathedral; adorned with images in these stalactites and stalagmites that look like Ferdinand the Bull, like vast audience in prayer; like a Halloween carnival, and offering countless opportunities for the imagination of children and grownups to feast on the spectacles in the lighted caves of Florida Caverns.

There is still time to sign the "Freedom Scroll" and make your contribution to the world-wide fight against Communism. Sign the Scroll today.

**Senator LeBlanc Offers \$10,000 Gift
To Boost Advertising of the South**

**Tells Dallas
Ad League How
Newspapers Sell**

Louisiana Senator Dudley LeBlanc offered to donate \$10,000 as the first step in getting the South-Central Campaign rolling nationally. He made the offer in an address before the Dallas Advertising League, and said "there is plenty more where that came from."

The South, said Senator LeBlanc, should use the methods of advertising and promotion he had used as a "country lad" who parlayed a \$2,500 book business into today's \$7,000,000 Hadacol organization in less than two and a half years.

He disclosed he had turned down a \$100,000 cash offer from a publisher for his Louisiana-made Hadacol tonic business.

"So you see if one man—a country lad with only the idea of wanting to get ahead—could do this with one item," said LeBlanc, "what couldn't we do if all of us got united in the South?"

By a concerted effort, using advertising, the South could make our southern coast to bring their manufacturing industries into existence," he added.

Senator LeBlanc's plan relied on establishment of a "non-profit or non-gainful" advertising agency, with a large southern advertising "War Chest" to come from funds appropriate to the cause.

MAKE YOUR CHRISTMAS DECORATIONS SAFE

Hotel Commissioner James T. Landon issued an appeal from Tallahassee asking Florida citizens to observe strictest safety rules in connection with Christmas decorations in their homes.

"Few of us realize," said the Commissioner, "unless it is called to our attention, just how highly inflammable is a Christmas tree, evergreens, fir, and pine alike. With decorations added, they become subject to even a spark. A Christmas tree in a heated room soon dries out and attains an inflammability similar to celluloid. We just can't be too cautious."

One of the greatest contributing dangers, he added, is the fact that many housewives allow electric lights to stay on while they are absent. These lights expel sufficient heat, in instances, to start a fire, he said.

In a directive to his field inspection force, the Commissioner told them to make thorough examinations of all Christmas decorations in hotels, restaurants, lodging houses and other places serving the public.

"The annual death toll from these Christmas fires has been running upwards of 50 individuals a year in the United States, with injury to hundreds of others and more than \$1,000,000 of property damage," said Landon, "and, I hope that this little reminder will move our citizens to be particularly careful. Let's not cause needless tragedy and sadness in any home in Florida during the Yuletide Season."

**REVISION OF GRADES OF
BEEF SCHEDULED DEC. 29**

A revision of Federal grades of beef is scheduled to take place December 29 according to the Florida Farm Bureau.

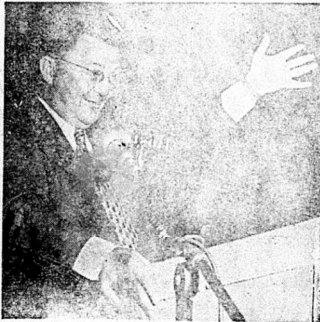

The changes to be made by the U. S. Department of Agriculture will affect only prime, choice, good and commercial carcass beef grades, the bureau learned through its Washington offices the week of December 29 the present prime and choice beef grades will be combined and called prime. The present grade will be changed to choice; and a new grade to be called good commercial. Beef from older cattle will continue to be graded Commercial, the report said.

CO. COMMISSION GIVES ASSISTANCE TO SANTA

The County Commission last week, gave a two-way assist to Santa Claus and the Christmas holidays in an action initiated by Paul Rardin, vice chairman from Canal Point.

Recalling the traditional customs of the county board, Vice Chairman Rardin won the support of the commission for his motion to make paychecks of county employees available before Christmas. Payday usually falls on the last day of the month. In addition it was voted by the commission that the courthouse should be closed from noon on Dec. 22 to Dec. 26, giving employees a near four-day holiday. The court-house employees annual Christmas party has been set for December 22.

Throughout the county, roadwork now being carried out, appeared to be going ahead on schedule, Commissioner C. Y. Speck, Delray Beach said.

SENATOR LEBLANC Tells How to Sell South

Senator LeBlanc spoke before an audience of almost five hundred, one of the largest in the Advertising League history, including special guests from civic groups.

The Senator reported that his 1950 business would be in excess of \$1,000,000 worth of Hadacol in Louisiana, and said he would sell \$1,000,000 worth of Hadacol in Louisiana, and said he would sell \$1,000,000 worth of Hadacol in Louisiana.

METHODISTS WILL HOLD MID-CENTURY CONVO.

From cross-roads and big cities, 1200 representatives of Methodist churches totaling over two million members in nine Southeastern states will gather January 2-5 in Savannah, Ga., for a Mid-Century Jurisdictional Convocation.

Held every four years, the Convocation is expected to attract hundreds of visitors in addition to official delegates as Methodists seek to learn more about church plans at home and abroad, and to gather in

extra crews were being put on bridge construction in his district so that traffic over farm to market roads would not be held up during the harvest season.

Fourteen bishops and 15 other eminent and clerical leaders will come from across the nation to appear on the ten-day program.

Truma of the Convocation will be "The World Is My Parish," quotation from John Wesley, English founder of Methodism. He and his brother, Charles, came to Savannah as missionaries 215 years ago and established the Methodist doctrine in this country.

Regarding the Convocation, in opening speeches will be Dr. Gerd Rupp, prominent theologian of London, England, and Dr. Roy L. Smith of Chicago, religious writer and lecturer.

**Come in and see the
New Silver Anniversary
Pontiac**

- 1 A look at the Car proves its Quality
- 2 A look at the Price proves its Value!

**Double
Proof**
that Dollar for Dollar
you can't beat a Pontiac!

In the short time since it was presented, thousands of people have flocked to see the great new Silver Anniversary Pontiac—few cars have ever had a reception to equal this. Most people came to admire, which is natural enough. But a great many people do more than admire, they start figuring—they begin to compare this wonderfully beautiful and desirable car with the modest price tag it bears. The conclusion is obvious—no car, at any price, offers more for every new car dollar you invest than a great new Pontiac! Drop in any time and look at the car—then look at the price—you'll be doubly sure that dollar for dollar, you can't beat a Pontiac!

PENNEKAMP ASKS FUNDS FOR BOARD OF PARKS

To increase the flow of tourist dollars, "remove the iron wall of hesitation behind which stand millions of potential visitors who fear that they cannot afford to come to Florida."

So says John D. Pennekamp, militant Miami editor and chairman of the Florida Board of Parks and Historic Memorials, in opening his board's appeal for recognition by state budget making officials.

Speaking to the Florida Forest and Park Association, Pennekamp told of the historic and appealing things tourists will not see in Florida, because most of the 36 state parks and memorials cannot be developed and opened to the traveling

public. The tourists who would be drawn to state park features, he said, "are the people who are not attracted by the synthetic appeal of extravagant entertainment and recreation. They cannot afford it and so leave it alone. They shun the places that feature it. They are afraid it is over their heads."

Pennekamp said that in 1948, 60,000,000 people in the United States traveled in 25 million automobiles on recreation journeys in this country. Of this number only 665,563 came to Florida.

And, Pennekamp continued, "We have unearthed an enormous interest in all these things among our own people. The demand for information greatly exceeds our restricted capacity for meeting it. Even in the

state's official places we have found an absence of knowledge of these possessions, and we are hopeful of developing an awakening pride in and sense of responsibility for them."

He concluded that the board will ask the state for \$1,000,000 a year for the next two years, over operating costs, to start opening up the park wonders of Florida to her people and their visitors.

Fla. Highway Patrol Works Against Holiday Accidents

The prospect of three persons per day being killed on Florida highways during the holidays spurred state highway patrol and state safety councils to new heights of endeavor to preach the practice of safety. The highway patrol stated that nearly 800 persons have been killed on the state highways in traffic accidents so far this year, the highest on record in any previous year.

They figured that 844 will have died by the end of the year at the present rate. More than 10,000 persons have been injured. Speeding, driving on the wrong side, drinking, in that order, were responsible for the most of the deaths and injuries.

U. OF F. OFFICIALS STUDY TWO STUDENTS' APPEAL

The board of control has heard and is considering an appeal for reinstatement to the University of Florida by two students who were beaten and shaved because of remarks

they were charged with making to the girl friend of a ten-man team captain. Raymond Wittman of Winter Park and George Griffin of Tampa were suspended after they had been beaten by members of the ATO fraternity led by Frederick Prior of West Palm Beach, who objected to what the pair had said to a girl over the telephone. The two suffered the further indignity of having their heads shaved. They told the board of control they didn't think they got a fair hearing, nor fair treatment, in view of the fact that Prior charged with administering the beating after the two were tied up by his fraternity members, had been readmitted to the university.

The fraternity was placed on probation for the remainder of the year.

There is little of Christmas cheer in budget board circles in Tallahassee this week, as state agencies came in asking for \$305,000,000 for running expenses for the next two years, and \$40,000,000 in needed improvements to meet the state's expanding needs. Hearings of the cabinet board will continue through this week, pause for the Yule holiday over next Monday, and then resume in a grim atmosphere of conflict between economy and need. The state improvement commission requested \$61,827,155 for new buildings, for putting state parks to use and for starting a state medical college. With minor exceptions, all state departments have requested more money for the next biennium than for the past. Legislators are confronted with the inescapable fact that state income must be increased if Florida is to provide for essential services.

NO CHRISTMAS CHEER IN STATE BUDGET CIRCLES

There is little of Christmas cheer in budget board circles in Tallahassee this week, as state agencies came in asking for \$305,000,000 for running expenses for the next two years, and \$40,000,000 in needed improvements to meet the state's expanding needs. Hearings of the cabinet board will continue through this week, pause for the Yule holiday over next Monday, and then resume in a grim atmosphere of conflict between economy and need. The state improvement commission requested \$61,827,155 for new buildings, for putting state parks to use and for starting a state medical college. With minor exceptions, all state departments have requested more money for the next biennium than for the past. Legislators are confronted with the inescapable fact that state income must be increased if Florida is to provide for essential services.

There is little of Christmas cheer in budget board circles in Tallahassee this week, as state agencies came in asking for \$305,000,000 for running expenses for the next two years, and \$40,000,000 in needed improvements to meet the state's expanding needs. Hearings of the cabinet board will continue through this week, pause for the Yule holiday over next Monday, and then resume in a grim atmosphere of conflict between economy and need. The state improvement commission requested \$61,827,155 for new buildings, for putting state parks to use and for starting a state medical college. With minor exceptions, all state departments have requested more money for the next biennium than for the past. Legislators are confronted with the inescapable fact that state income must be increased if Florida is to provide for essential services.

Banks Provide Future Farmer Boys Educational Material

Banks are beginning today the distribution of Postarama to every Future Farmer of America boy in the state of Florida, according to a joint announcement made by Dick Griffin, Vice President, Exchange National Bank, Tampa, and Joe Ansley, Cashier, Lee County Bank, Ft. Myers. Griffin is Chairman of the Agricultural Committee and Ansley is Chairman of the Public Relations Committee of the Florida Bankers Association.

Postarama consists of a series of educational units on money and banking and will go to more than 8,000 boys in Florida and their v-o-g teachers. Instruction with the ma-

terials will be fitted into the regular curriculum now being followed by the teachers. Local bankers are making themselves available in the program in the event their services are needed in the instruction or in connection with a tour through the local bank.

From the statement issued by Griffin and Ansley, the point was made, "This is one of the largest single projects ever undertaken for the benefit of our young people by the Florida Bankers Association. Our young Future Farmers of America are the 'salt of the earth' and anything we bankers can do to help them along in their studies is very much worthwhile. We bankers consider it a privilege to be able to provide Postarama for these fine young men."

Veterans planning to further their education under the G. I. Bill at Palm Beach Junior College in the future were today advised by Dr. John F. Beauchamp, President of Palm Beach Junior College, that a veteran must actually be in training by July 25, 1951, if he or she was discharged from the service before July 25, 1947.

This means that all of these veterans who wish to attend

Palm Beach Junior College must enter at the beginning of the second semester of this school year, which is January 23, 1951, since there will be no other registration period before July 25, 1951. Those who enter at that time will be allowed to finish school, provided they attend continuously. They will be permitted to transfer from Palm Beach Junior College to another college or university to complete their training, provided they continue the same course.

Dr. Leonard also called at-

attention to the fact that veterans who are eligible for G. I. Bill benefits and were discharged after July 25, 1947 have four years from the date of their discharge to begin training.

Since it may take several weeks to secure the necessary Certificate of Eligibility to entitle one to enter school, college officials are urging that interested veterans make application at once. This may be done either through a Service Officer or the local office of the Veterans Administration and Parks.

should be followed by a formal application for admission to Palm Beach Junior College.

Rare nowadays, limps hunt snails along the river banks at Hillsborough River State Park. Largest picnic area in Florida's Park System is at Hillsborough River State Park.

Tree toads, seen in any State Park, can jump 36 times their own length.

Lubber grasshoppers, largest of American grasshoppers, can be observed in many State Parks.

Mr. and Mrs. Marvin Miller of Moore Haven, Mrs. L. G. Keene and daughter Patsy of Falmouth, Mrs. A. B. Barnes, Mrs. Donald and Mrs. C. B. Higginbotham visited relatives and shopped in West Palm Beach Sunday.

Church Latter Day Saints Visited By Two Elders

The services at the Church of Latter Day Saints of South Bay which meets each Sunday at the Girl Scout Hut in Belle Glade were conducted last Sunday by two visiting elders, Kenneth Willardson of San Diego, California who is supervisor of elders in the South Florida District, and Van C. Gailey of Syracuse, Washington.

Mrs. H. B. Walker announces that their Christmas plans for next Sunday include the singing of carols, Christmas Story, and an exchange of gifts at the Sunday School for the children.

Mrs. Evans Entertains On Son's 3rd Birthday

Mrs. John L. Evans of Bean City entertained at a party of little tots in celebration of the third birthday of her son John Brown Evans.

The children were entertained indoors with toys and while favors. The beautifully decorated birthday was made and presented by Mrs. Sidney K. Smith Sr. of Belle Glade.

Mrs. Evans served Metropolitan ice-cream, cookies, chocolate milk and Santa Claus suckers to John Evans, Laura Rogers, Juanell Prevatt, Ray Sullivan, Richard Barrett, Syd Smith Jr., David Johns, Kathryn Smith, Frannie Hall, Clayton and Payton Smith.

Schools Closed Dec. 15 With Christmas Parties

The South Bay Schools closed for the holidays on December 15 with appropriate Yuletide programs.

Room parties with an exchange of gifts among pupils and teachers were conducted in the various home rooms of the elementary grades under supervision of the teacher and room mothers. The Junior High young people had their joint Christmas Party in the school cafeteria.

The annual community Christmas entertainment was conducted on the school lawn when the pupils led by Mrs. Ruth Murphy, Mrs. Edythe Eekman and Mrs. Leslie Martin sang Christmas carols around the decorated and lighted Christmas tree.

Santa Claus played by H. H. Walker appeared at the close of the program and gave out the treat assisted by Mrs. C. J. Peacock and O. H. Martin. The preschool children were the first to be greeted by Santa and others followed in age groups.

CITY CHARTER HEARING SET FOR JANUARY 4

The South Bay Town Council has designated Thursday, January 4 at 8 o'clock p.m.

hearing on the proposed new charter of the Town of South Bay. The public is invited to come at 8 o'clock for consultation as to the provisions of the charter, a copy of which is on file at the Town Hall and may be examined at any time by anyone interested.

Attorney Ralph O. Johnson will be present at the hearing to explain various portions of the charter which after the hearing will be put into permanent form for submission to the State Legislature. It will then be submitted to popular referendum by the citizens of South Bay for adoption or rejection by the town.

The question of whether to have the chief of police, town clerk and fire chief appointed or elected by popular ballot will be debated at the hearing by Mayor O'Neal Walker and President of the Council C. E. Crichtfield and a straw ballot

conducted on Friday, Jan. 5 at the Town Hall to test the reaction of the public to this question. The present wording of the charter is for appointment of those officials by the mayor. If the general public so desires and expresses that desire in the straw ballot in sufficient numbers to make it a mandate, the provision will be changed to the elective method.

Every citizen interested in the Town of South Bay is urged to attend this hearing and acquaint themselves with the provisions of the proposed charter.
